Floor Stickers

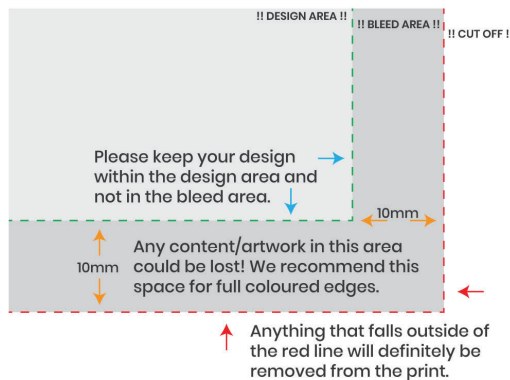

Artwork Requirements

- All artwork must be in CMYK. RGB needs to be converted to CMYK.
- Remove registration, crop & trim marks.
- We don't have all fonts on hand, fonts in your file must be converted to outlines (curves / paths).
- 100% scale for artwork. Your artwork must match the dimensions of the product.
- Embed all images and content to the document.
- 10mm Bleed on all sides to allow for overprint and error.

- Minimum of 130DPI accepted for images embedded into the artwork (full size).

- Please upload your artwork online. You can also email it through to artwork@versmedia.com.au or share with our Google Drive using the above email.

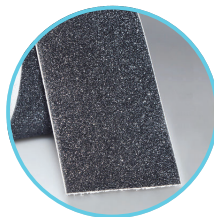

Bleed Area Configuration

Use the 10mm bleed area for full colour coverage of your background. Don't place any important content into the bleed area.

Anti Slip Laminate Coating

Our floor sticker products come with varying ranges of Slip Resistance. Please ensure you check the slip rating of the product you are ordering against the purpose the floor sticker is to serve.
