Pull Up Banners

Artwork Requirements

- **All artwork must be in CMYK.**
  RGB needs to be converted to CMYK.
- **Remove registration, crop & trim marks.**
- **We don't have all fonts on hand, fonts in your file must be converted to outlines (curves / paths).**
- **100% scale for artwork. Your artwork must match the dimensions of the product.**
- **Embed all images and content to the document.**
- **10mm Bleed on all sides to allow for overprint and error.**

- **Minimum of 130DPI accepted for images embedded into the artwork (full size).**

- **Please upload your artwork online. You can also email it through to artwork@versmedia.com.au or share with our Google Drive using the above email.**

Bleed Area Configuration

!! DESIGN AREA !! | !! BLEED AREA !! | !! CUT OFF !!

Please keep your design within the design area and not in the bleed area.

10mm

Any content/artwork in this area could be lost! We recommend this space for full coloured edges.

10mm

Anything that falls outside of the red line will definitely be removed from the print.

BLEED AREA – Colour Fill

10mm

10mm

Use the 10mm bleed area for full colour coverage of your background. Don't place any important content into the bleed area.
